PLAN CODE	PLAN NAME	COVERAGE CODE	COVERAGE DESCRIPTION	DATA USAGE	CHARGES PER 100MB (RM)
B	BUSINESS	A1	INTERNATIONAL	FIRST 200MB	100
				NEXT 200MB	80
				OVER 500MB	50
		A2	DOMESTIC		90
I	INDIVIDUAL	B1	INTERNATIONAL		80
		B2	DOMESTIC		40

Write a complete C++ program below that able to perform the following tasks:

- Read the **customer name**, **plan code**, **coverage code**, and **data usage**
- Generate a data usage statement using the following format below

```
                        DATA USAGE STATEMENT
              CUSTOMER NAME: HARUN SALIM BACHIK

        PLAN NAME                    : B – BUSINESS
        COVERAGE                     : A1 - INTERNATIONAL
        DATA USAGE                   : 400 MB

        AMOUNT                       : RM560.00
```
